Fruit Fly Trap, Set of 2

Inconspicuous in the fruit bowl

Everyone knows the problem: If you bring fresh fruit into the house, you quickly have a whole swarm of fruit flies buzzing around the fruit bowl. A fruit fly trap can help remedy this. Our traps, in a practical set of 2, blend perfectly into any fruit bowl with their organic shapes.

The supplied adhesive boards attract insects with their yellow colour and are simply placed onto the traps. Prevent hygiene problems in the kitchen now!

To fill the traps, we recommend the following recipe:

- 4 tablespoons of sugar
- 3 shot glasses of vinegar
- 1 glass of fruit juice
- 1 drop of dishwashing detergent
